Tell us an odd fact or talent....
 I lived 3 different countries, 4 different time zones, and 7 different cities.

What do you like to do for fun?
 I'm a serious foodie - love trying new foods, restaurants, cooking. Several of my friends are big time chefs and my mom is an amazing cook. Other than that, I love music, crossfit, beach time, and a nice bottle of wine or mixed drink.

What are you most passionate about?
 1) Telling stories, 2) Making things, 3) Building people. If I can do those three in life or in any job, I'll be happy.

Where are you from? What's your past life?
 Lived in Columbus, OH for 19 years. Went to OSU (Go Bucks!). I headed digital marketing for BMW for 9 years. Prior to that, I had a couple startups.

* Give management at least 24 hours notice if you have need for any of the equipment (TVs or projector). The meeting room uses the projector only as the room does not accommodate the large TVs. * The projector requires a USB/USB cord (member supplied). The TVs use an HDMI connection (cord provided). If you do not have an HDMI port in your laptop, you will need to acquire an adapter. Optionally, ensure that your visuals are compatible with the USB programs installed on the TVs (Ex: Powerpoints saved as a series of JPGs). * If using technology, please do a dry run at least 24 hours in advance to ensure everything works to your liking. This is especially important if you are using the podcast for the first time.
